DETAILED ACTION

Request for Continued Examination

1. The request filed on February 9, 2004 for a Request for Continued Examination (RCE) under 37 CFR 1.114 based on Application No. 10/030,113 is acceptable and a RCE has been established. An action on the RCE follows.

Allowable Subject Matter

2. Claims 1-6 and 8-9 are allowed (Claim 7 is canceled by Applicant).
3. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 1-6 and 8-9 is the inclusion of the limitations of a second antenna unit extending orthogonal to the extending direction of the first antenna unit; and a feeding point connected to one end of the first antenna unit, the other end of the first antenna unit being connected to the second antenna unit. It is these limitations found in each of the claims, as they are claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
